Sir,

I have the honour to enclose herewith the copy of the report received from the Palace Engineer in respect of the damage caused to the Palace property in Fernhill, Ooty and a copy of my letter addressed to the Divisional Engineer, Highways, Ootacamund. I am to request you to kindly address the Government of Madras if you consider it desirable, in the matter to set right the damage caused to the Palace property.

Yours faithfully,

HUZUR SECRETARY

Letter No.1186 dated 1st March 1950 from the Palace Engineer to the Divisional Engineer,Highways,Ootacamund.

Adverting to letter No.502/dated 20-12-49 of the Overseer in charge of Fernhill Palace,Nilgiris regarding widening the Avalanchi Road, I regret to say that no reply has been received for the action taken by you though more than a couple of months have elepsed. May I therefore request you to furnish an early reply as regards the action taken.

Report No.1198 dated 8/9th March 1950 from the Palace Engineer to the Huzur Secretary to His Highness the Maharaja of Mysore, Mysore.

Regarding certain damage caused to the Palace Property at Fernhill Palace property at Fernhill by the throwing of the debries got in widening of the Avalanchi Road.

Beg to report that the Divisional Engineer,Highways, Ootacamund, was addressed several times by the Overseer, Fernhill, to rectify the damagescaused to the wire fencing as seen from the copy of the original letter of the Overseer and no final reply has been received. Hence a further letter was addressed from this office to the Divisional Engineer, Highways,Ootacamund, a copy of which is enclosed herewith.

On my personal inspection of the sport on the 5th instant, I observed that the wire fencing of the boundaries of the Palace to a length of about a mile has been damaged and in certain places buried underneath. The Palace land is encroached upon at some places by the deposit of road debries. Damages are caused to the extent of about Rs 5,000/-

Necessary needful action may therefore be kindly taken in the matter.

Letter No.Rc.1790/A2/50 dated 23-5-1950 from the ision Engineer,Highways,Ootacamund to the Palace Engineer, ore.

Subject:- Widening Ooty Avalanche Road.

This is to confirm the discussion we have had this morning after the joint inspection of the Ooty Avalanche Road 0/1 -1/0 where the Palace Property has been encroached upon in a few places and fencing damaged or buried.

Before taking up the details of the issue proper,let me me request you and through you,the Huzur authority to bear with the lapses of this Department in not attending to the correspondence earlier in time in the past and assure you of my co-operation and prompt attention.

It is indeed regretable to note that the workers of the contractors and to a great extent the subordinate staff of this Department should have caused damages to the borbed wire fencing of yours,burying them in the slope of the spoil earth and throwing the spoil earth in certain places belonging to the Huzur State.

As agreed by us jointly today I have issued orders today that

(a) the fencing shall be salvaged whereever buried and refixed at a higher level by the contractor so as to ensure no trespass of cattle into the Palace Property.

(b) that the unstable and badly heaped up spoil earth be neatly slopped and stablised to avoid any erosion or scour of the same resulting in the silting up of the cultivated slope.

The work shall be got done in consultation of the local Supervisor of yours Mr.George.

I shall send you the final report after the work is completed.
